IT professional with over 20 years of experience and 5+ years specializing in Frontend Development. Expert in building dynamic and responsive user interfaces using Angular, React, and Astro.js, with solid knowledge of Fullstack development (Nest.js, NodeJS, and Python). My extensive experience is complemented by strong adaptability and professional skills that allow me to quickly integrate into new environments and deliver comprehensive, scalable technological solutions.

EDUCATION

Sena	Medellín, Colombia
Associate's Degree in Information Systems Analysis and Development	2022

HTML - CSS - Javascript - Git - Typescript - Angular - React - Astro - NextJS - Linux - NodeJS - NestJS - Bootstrap - Sass - Tailwind

EXPERIENCE

Catapult Steel Buildings	Medellín, Colombia
Fullstack Developer, IT Manager	July 2021 - Currently

- Led the design and development of the company's official web platforms, implementing modern solutions with Astro, Angular, Svelte, and React to enhance digital presence and user interaction.
- Designed and developed an automated purchasing bot using ElectronJS, aimed at optimizing internal processes and improving operational efficiency for acquiring ads on the Craigslist platform.
- Played a key Fullstack Developer role in the design and implementation of an internal CRM solution for comprehensive customer lifecycle management (clients, leads, quotes), utilizing NestJS (backend), Angular (frontend), and PostgreSQL (database).
- Managed the maintenance and development of new functionalities for Python applications.
- Managed and administered domains and hosting services, ensuring the availability and performance of the company's web platforms.
- Administered and configured Zoho CRM and SuiteCRM systems, providing technical support and optimizing their usage for sales and customer management teams.
- Administered key services on the AWS platform, maintaining the cloud infrastructure for various applications and services.

Medellín, Colombia

Micropoint, S. A. S.

On-site Support Analyst

September 2018–July 2021

- Managed IT operations and support as the Regional IT Lead for Totto company in Antioquia, ensuring technological continuity and user satisfaction in the region.
- Provided comprehensive technical support (Helpdesk and on-site) to Grupo Uribe users, resolving hardware, software, and network issues to maintain productivity.
- Actively supported the implementation of Sura's Digital Service Center, providing crucial technical support and facilitating the transition to new digital platforms.
- Performed technical service (diagnosis, repair, and maintenance) for laser printers, desktop computers, and laptops, ensuring the proper functioning of the equipment.
- Provided exceptional customer service, addressing and resolving users' technical needs with a focus on satisfaction and effective communication.
